SIR.

I have the honor to submit herewith the following report regarding the construction of a go-down and market at Santé marahalli, Chamarajnagar Taluk.

2. In this village, a very large weekly fair is held every Tuesday. It is resorted to by the ryots of Kollegal, T. Narsipur, Chamarajnagar, Malavalli, Yellandur and other talukas, who bring their grains and other produce besides cattle for sale to merchants and others from Her Majesty's territories of Coimbatore and Nilgiri Districts. Hundreds of stalls for the sale of grains, chillies, spices, and

... clothes are opened. About 5000 ... cattle are brought there every week ... sale. At present, these shops are ... in the open maidan without any ... shelter whatsoever, either in the hot ... weather or in the raing season; and ... when it rains, the commodities are ... not only damaged but the people and ... cattle are also put to great incon- ... venience.

... At the meeting of the Local Fund ... Board, held on the 30th November 1893, ... there was a proposal to erect a build- ... ing for the accommodation for shops ... containing valuable merchandise and ... to provide some shelter for the large ... number of people present at the fair, ... if it should rain. A committee was ... appointed to consider the question and ... submit a report as to the details of ... work to be carried out &c. On re- ... ceipt of this report, the subject was ... fully discussed and a provision of Rs. ... 9,000/- made in the budget for 1894-95,

with

with the following remarks:

"VI (1) Mr. Ambalé Annaiya Pundit then proposed and Mr. Nanjundaraj urs seconded that Rs. 10,000/- be set apart in the budget for the construct-ion of a substantial go-down and market at the large Santé marahalli fair in the Chamarajnagar Taluk— vide para 7 of the last meeting— and for sinking a well in the same place to provide good drinking water for the use of the travellers by the T. Narsipur - Sirkanambi road and for the large number of people and cattle attending the fair, as water is very scarce in the neighbourhood during the hot weather. The Board consider-ed the undertaking very necessary in the interests of the public and likely to be productive of a liberal return, and resolved to commend it to Government for early sanction.

4. In passing the budget, the

The Government retained the allotment and remarked that the work should not be undertaken till a regular estimate is submitted and sanction obtained (vide Govt: order No. 21234-8 L. F. 229-93, dated 8th June 1894).

5. Mr. C. R. Sreenivasaiengar, The Sub-Assistant Engineer, was accordingly requested to prepare the plan and estimate for the work and he has submitted one for Rs. 21,504. It provides for sixty shops of 9'×11' each, and two rooms, for the Police and market officials, of 18'×11' each, and three open platforms with roads, drains, and margins &c. in the intervals.

6. At the meeting held in March 1895, the Board was of opinion that the number of godowns should be reduced so as to bring the estimate for the present within Rs. 10000/-, provided in

in the budget. An estimate for Rs 10000/- is accordingly prepared for constructing the following: 20 rooms in one block as per plan prepared by the Sub-Assistant Engineer.

1 covered platform of 172' X 18'.

2 raised platforms without any roofing; with drains and roads in the intervals.

7. Several officers that inspected the place on fair-days have found that very great inconvenience is felt by the large number of petty shopkeepers that assemble there. The well-to-do merchants who deal largely in grains have expressed their readiness to rear these go-downs and keep their unsold goods till the next fair day. The other shop-keepers are all in favor of a market erected there as, at present there is no order; and, on account of

of the large number that assemble there, petty thefts take place without any notice. They are prepared to pay a small fee on every fair-day for holding their shops on these platforms. There is no doubt that the amount invested in these buildings will be reconped in the course of a few years.

8. This fair is a large one and is likely to grow in importance when these conveniences are provided. I have no hesitation therefore in submitting this for the favorable Consideration of Government.

9. As the official year is drawing to a close and as it is proposed to collect all the materials at site before rain sets in, early sanction to the estimate is solicited.

10. Estimates, plan, and report are herewith submitted for reference

reference and kind return.

Spd (2) R 1407.

Who are the men that constitute the collection agency, is not clear. Are they men on a fixed salary would be better than men remunerated by commission. The percentage too seems high.

Enquire - also ascertain

Do not think 10% is too much. The annual collection is estimated at Rs 2000 @ 10%. It will not be 200 or about 18 a day for — Months. But on account the agency collects fees

Sir,

With reference to G.O.
No. 23215-6 / D.F. 46-94 dated 17th June 1895, sanctioning
an estimate for Rs 10,000 for the construction
of a market and godown at Santémara-
halli in the Chamrajnagar Taluk,
I have the honor to state that the
work has now been nearly completed.
Twenty-two shops and three platforms
have been constructed. Almost all
the shops have been rented at a
monthly rate of Rs 2/each; but the
platforms are given out to the merchants
at each Shandy at a certain fixed rate
for each shop according to demand.
During the 12 Shandies, from Tuesday
the 18th May to Tuesday the 3rd Augt 1897

The

the fees collected amounted to Rs 686-5-10.
As there is no agency to collect fees monthly, the District Fund Board is of opinion that 10 per cent on the collections may be allowed tentatively, with retrospective effect, to the men who were engaged on this work. A copy of the resolution is herewith submitted. I request you will kindly obtain sanction of Government to the proposal now submitted.-

MYSORE DISTRICT,

Dated Mysore 19 April 1898.

SIR,

I have the honor to acknowledge the receipt of Government-Proceedings as noted in the margin, declining to sanction a loan of Rs 10,000 asked for by the District Fund Board of the Mysore Circle, to enable them to construct a Cattle Stand and to roof the market platforms at Sante Marahalli, Chamrajnagar Taluk.

No. 12001 dated 13 L.F. 121-97 and No. 12002 dated 24 March 1898 of the L.F. 121-97

2. The orders of the Government were placed before the Local Fund Board at a meeting held on the 12th instant, and I beg to forward herewith a copy of the resolutions which the Board have come to in the matter.

3. The Government is aware that a large weekly market is held at Sante Marahalli and that Cattle are also brought

brought there for sale. 3 platforms and 22 stalls have been built on the market ground at a cost of Rs 10,000. A great impetus has been given to the trade in the weekly market since these conveniences have been placed within the reach of the people as is evidenced by the realizations from the market fees which have amounted in 11 months to Rupees 3522-4-3 or a monthly income of Rupees 320. The income from this source is showing signs of expansion, and unless the additional works proposed by the Board, viz the roofing of the platforms and the building of a cattle stand, are carried out, at an early date, the usefulness of the platforms will be greatly diminished and the interests of the

market-

market will suffer. For want of a cattle stand, cattle cannot be properly accommodated and fees levied. As it was to meet these urgent wants that the loan was applied for, and, as the Government do not see their way to grant the loan, and as the work cannot be put off without detriment to the revenues of the Board, they have resolved to appropriate a sum of Rs. 5000 from the closing balance of Rs. 13,000+ shewn in the Budget for 1898-99. The sanction of Government is solicited to this proposal which, being of a very remunerative nature, I beg to recommend strongly for the favorable Consideration of Government.

SIR,

With reference to G. O. No 2981-2 F. 86-53-97 of the 2nd. September 1897, calling for a report in regard to the collection agency at Santemarahalli market, I have the honor to state that the men that constitute the collection agency are one or two Gumastas of the Taluk with a certain number of peons. The work of these men is carefully supervised by the Amildar or the Taluk Sheristadar. The rates of fees for the platforms were temporarily fixed in May 1897 as shewn in the margin*. It was, however, found that the present system did not work satisfactorily and the collection of fees was not based on any uniform principle. Hence it was resolved that the collection of fees be given.

No. 15

From the enclosed analysis of the collections at the Santé for 13 months from the 18th May 1897, I find that the fees are levied on no uniform principle. In the first place the rates themselves appear to be high and the quantity and quality of the articles brought for sale are both taken into consideration in levying the fees. It is inexpedient to make distinctions as per quality as they lead to abuse. Besides as the Santé meets only once a week and the collections should be made promptly so that the sellers may have sufficient time to dispose of their articles, I consider that if the quality of an article has to be determined before the fees are levied, it must lead to delay and annoyance also. In the Mysore market as well as at Kollegal and Bhavani the mode of conveyance determines the fee and the same may be adopted for the market at Marahalli. The following rates in my opinion appear to be fair.

Shop or Maligé (To be sold by auction annually)
Tent or Gudaru - 4 annas for the present
for every Santé.
Bullock laudy - 2 annas.
Voddar cart - 1 anna.
Bullock load - 6 pies.
Head load - 3 pies

W. M. L.

The above rates were proposed at the L. F. meeting on the 9th Instant and adopted. I submit that Government sanction may be obtained for levying the fees at the above rates.

Sir,

I have the honor to state that the right of collecting fees at Soulemarhalli market in the Chamarajnagar Taluk for the year 1903-04 was put up to public auction by the Amildar of Chamarajnagar on the 26th May 1903. The 'bab' was sold under 3 heads instead of two as in the current year as noted in the margin. No. 3 is a new item consequent upon the completion of the platform the construction of which was sanctioned in November 1898. The results of the sale of the two items as compared with those of the current year are given hereunder:—

	1902-1903	1903-1904	difference

Articles brought into Sale.	Rs 3540	Rs 3540	"

1. Shop or Maligi
2. Articles brought into the premises of Sale.
3. Godowns on the platform.

Results being favourable I have confirmed the sales

The last item, as already explained being a new source of income has fetched Rs 918 but as this has not been formally sanctioned by Government I beg that the levy of fees from the new platform may kindly be sanctioned early.

Sir,

I have the honor to state that the right of collecting fees at the Sandemarahally Market in the Chamarajnagar Taluk during the year 1904-1905 was sold by public auction by Mr M. S. Puttanna, Amildar of the Taluk on the 17th May '04, and the highest bid secured is for Rs 4908/- against Rs 5,478 for the current year, showing a decrease of Rs 570/-. In spite of the large crowds visiting the Shandy, there was no keen competition among the bidders, and the reason assigned for the decrease is the actual

results of the current year's collections.
But I fear that this has been due more to a combination among the bidders than otherwise.
I have accordingly confirmed the sales.

2. A suggestion has been made by the Amildar of the Taluk that the purchasers of the right of collecting fees at the Market-shops should sub-let the stalls at a fixed rate and levy no higher rates, as otherwise much inconvenience and annoyance may be caused to the tenants. Further particulars on this point have been called for, on receipt of which a report will be made to Government.

I have the honor to be,
Sir,
Your most obedient servant
W Huddleston
President
